Note:

This table uses data from URS/DIG Table 2a, Table 2b and from the US Census Bureau.

All denominators use US Census data from 2002.

US totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

State Notes:

Age: None

Race: None

Overall: Because of a phased in statewide role out of a new data system we were unable to gather a full year of data. So the data representing ND for 2003 will be lower then a typical year. Since the system has now been fully implemented we are planning to have the capability to capture a full year of data in 2004.
